

Information for students interested in writing their Bachelor's or Master's Theses at the Chair of Operations Research

We welcome applications for Bachelor's and Master's theses at the Chair of Operations Research. Please be sure to follow the instructions given below.

Topics are related to the research interests of our group. Depending on the subject, collaboration with industry partners may be possible. Applicants are welcome to approach us with their own suggestions for topics or collaborations.

Requirements

Ideally, you should have taken courses in optimization, discrete math, algorithms, algorithmic game theory, or geometry. Prospective Master students are supposed to have participated in a relevant seminar before starting their thesis.

Please make sure that your application includes the following material:

- Current CV
- Preferred starting time
- Description of the topic (optional)
- **For Bachelor students:** your (preliminary) extended Bachelor transcript
For Master students: your extended Bachelor transcript AND your (preliminary) extended Master transcript

If you don't have a specific topic in mind yet, please send us a short description of the course(s) you enjoyed most.

Please send your complete material in English to bachelor.or@tum.de (for Bachelor's Theses) or master.or@tum.de (for Master's Theses).
